No License Will Be Granted to Place if Back Yard is Enclosed From View of Public.

There is a possibility that the free lanch will go along with feaces in the wack of salogue when new licenses ere granted to Rock Island bars

Although this move was considered by the last administration no action was taken: A city official said today that complete regulation of the sulooms in his opinion demanded the abolishment of free lunches.

Mayor McConochia announced that all saloons have been ordered to remove fences surrounding yards in the rear or on the sides of the bars by Nov. 1. He dartaged no license would a force in the back of it. The sale of Houer in rooms other than where the bar is located will also be stopped, the

Springfield, Ill., Sept. 27 .- Superintendent E. C. Fisher, Rock Island, Iti. -My Dear Sir: Your letter of Sept. 24 concerning the teachers' pension law is at hand. I am very glad that you called my attention to the matter, as to teachers who wish to become beneficiaries of the law and the time for them to make their back payments. The law says that all back payments, together with interest thereon at 4 per cent, must be paid before annuity is granted. I have talked the matter over with Mr. High with reference to teachers who have taught less than 25 years, and we feel that it would be better to grant them the privilege of submitting their proofs for past teaching services and quality them accordingly. By so doing they will pay the required assessment as provided in the schedule of their re-spective classes. The back payments

may be made any time before ennuity tely. There is no provision in the aw for making payments by the installment plan, but this will not be seconary if the time limit is extended as stated above. We feel that the above interpretation is strictly in accordance with the intent of the law the law may qualify for a pension only such time as is acqually spent If I can be of any further service
